Job Description: Quality Engineer

Cala Health, Inc.

About Cala Health

Cala Health is a bioelectronic medicine company transforming the standard of care for chronic disease. The company's wearable neuromodulation therapies merge innovations in neuroscience and technology to deliver individualized peripheral nerve stimulation. Cala Health's lead product, Cala Trio™, is the only non-invasive prescription therapy for essential tremor and is now available through a unique digital business model of direct-to-patient solutions. New therapies are under development in neurology, cardiology, and psychiatry. The company is headquartered in the San Francisco Bay Area and backed by leading investors in both healthcare and technology. For more information, visit CalaHealth.com.

The Opportunity

Cala Health is seeking a Quality Engineer to join our growing team. The role will report to Director, Quality, Regulatory & Compliance.

Specific Responsibilities also include

- Develop new processes to align with regulatory requirements.
